

Personal Biography of
Erin Close

Erin was born and raised in Regina, Sk.; after graduating from Luther College High School she traveled Europe for the summer before returning to attend the University of Saskatchewan to study Fine Art. During this time she left the nest and relocated to Regina Beach, Sk., where she met her Fiancé. After a few years studying Art, Erin chose to change directions and in April 2009 she received her Business Certificate from SIAST.

Erin began working for the SSA In May 2009 as a summer student; that September she returned to SIAST to continue her education, working towards a Diploma in Human Resource Management. Not long after she returned to SIAST, a full time permanent position became available with the SSA. With half of her Diploma complete, Erin was thrilled to return to the SSA as the Shipper/Administrative Assistant. Erin plans on completing her Diploma in the near future by correspondence and night classes.

Erin still resides at Regina Beach, Sk.; where she enjoys fishing, hiking, cycling and nearly every outdoor activity. Erin is currently completing her Hunter Safety Course and is interested in hunting waterfowl. Although a fan of all outdoor activities, Erin had never explored any type of motorsports until the winter of 2010 when she hit the throttle for the first time on a snowmobile. Erin has written "2011 SkiDoo Summit Freeride 800" on her Christmas wish list with high hopes that she is on the nice list!
