

Personal Biography of  
**Marcel Voyer**

Marcel was raised on a farm in the Foxdale area north of Shellbrook. He started snowmobiling in the winter of 1966 when his family obtained a Ski-Doo Alpine snowmobile (good for doing chores you know). Then the family discovered how much fun it was. Early memorable sleds were a 67 Panther and my first sled a 72 Arctic Cat Lynx. After a few years on the farm Marcel moved to Shellbrook and started riding with other groups of people and his love for the recreation grew. For one year of not riding while living in Biggar he moved to Saskatoon and shortly joined the Saskatoon Snowmobile Club. Here he was exposed to “organized snowmobiling” and the fun and social events of such a club. With the Saskatoon club Marcel served as a Director, President, past President and Safety Director. He has been a member of the club for 19 years and a Director for the SSA for 12 years. As you may guess Marcel’s duties with the SSA involve safety and he has also helped with every Trade Show since the beginning. Marcel is a member of the provincial snowmobile safety steering committee. He is also a provincial snowmobile safety instructor.

Other interests were 4-H in his early years as well as camping, long auto trips, photography, home and yard and Bolorama (small fiber glass travel trailers). Marcel is married to Sharon and he has one step-daughter, Michele. As they get closer to retirement their hope is to retire to the lake, possible a home in the Lakeland area, so they can continue to enjoy snowmobiling and other leisure activities.
